ADDITIONAL INFORMATION REGARDING RELEASE OF PATIENT INFORMATION

Beloit Health Systems recognizes the patient's right to confidentiality of medical records as in the Illinois and Wisconsin Statutes. Therefore, you should be aware of the following guidelines when requesting medical records.

Both Illinois and Wisconsin Statutes recognize the need for informed consent. The patient may request multiple releases of the information stated on the authorization form. However, all releases based on this form are limited to records dated up to and including the date of the patient's signature. A new authorization is necessary for release of information on care provided after the date of your signature, UNLESS it is the authorization to release "future records of a specific test, specified clinic appointment and/or admission with the month and year identified."

All patients 18 years of age and over must sign for release of their own medical records unless the following conditions apply:

- * The patient is incompetent.
- * The patient is disabled and cannot sign the form.
- * The patient is deceased. (The surviving spouse or legal representative must sign authorization releasing records of the deceased person.)

Patients less than 18 years of age must sign for release of the medical records when:

- * The patient is 14 years of age or older and the records involve treatment for mental illness, alcoholism, or drug dependency.
- * The patient's records for release include abortion.

All persons signing for release of records, instead of the patient, must state their relationship to the patient and have available proof of legal authority to release the records.

For continuation of care, pertinent portions of your medical information will be sent to your physician/medical facility free of charge. All other requests are subject to fees. Some record requests may require pre-payment. If your request requires pre-payment an invoice will be sent to you with instructions on how to submit payments. If payment is required, the records will be sent after the payment is received.

If you have any questions regarding the above information, please do not hesitate to ask us.
